Subject: Dates for NM Sampling 11/17-18, NN on 11/19

Looks like Navajo Nation sampling will be on the 19th, so we'll work from the northeast on the Animas toward the Navajo Nation on the San Juan in NM beginning on the 17th and 18th. Steve Austin's contact information is below for Navajo Nation escort and coordination.

Mr. Austin, where and when would you or a member of your team like to link up with us to conduct the sampling of points SJFP and SJSR on the 19th? I will send you a copy of the signed QAPP for your review on a separate e-mail.

Thanks Steve. With this message, since it went to Steven Merritt, I will now let him handle further coordination for the sampling. Hope you have good weather and sampling goes smoothly. Janet

Hi Janet,

The 19th works best for me, but I could probably make any of those days work.

Hi Steve: I left you a voice mail message this morning, but now sending email to be redundant. The R8 Superfund and contractors are doing one last remobilization to pick up the last remaining sites for Fall sampling. They would like to sample 11/17, 18 or 19. Which dates work best for you. Please let me and Steven Merritt know.
Thanks. Janet
